URGENT ASSISTANCE IN CASE OF A BREAKDOWN

DAF Trucks stand for reliability, cost effectiveness and quality, but your truck may still run into unexpected difficulties from time to time. To give you peace of mind when you are on the move, we are introducing DAF Uptime Plus – an extension of our existing repair and maintenance contracts, allowing you to combine optimum vehicle performance with the most comprehensive mobility service available.

If your truck breaks down when you are transporting goods, the DAF International Truck Service (ITS) will provide you with immediate assistance, wherever you are in Europe. Your call will be handled with the highest priority, as our primary goal is to help you get back on the road as quickly as possible. After all, time is money and a promise is a promise, especially in the Transportation sector.

THE KEY BENEFITS OF DAF UPTIME PLUS:

UPTIME PLUS

- Assured mobility: back on the road within 8 hours
- Replacement transport or financial compensation in case of longer downtime
- Assistance throughout Europe from the pioneering DAF ITS
- Rapid dispatch of any necessary parts

DAF MULTISUPPORT DAF Uptime Plus is available now, specially for our customers. This unique service is included as standard in Full Care, the most comprehensive DAF MultiSupport package.

PERSONAL ADVICE DAF's mission is always to offer a solution that will help you move forwards. Either the DAF representatives or your trusted dealer will be happy to discuss the opportunities that DAF MultiSupport can offer your company.
