Start your Future

The rapid evolution of today's trucks and the technology keeping them up and running means that first class training for those involved in the vital servicing and maintenance of these vehicles is more important than ever.

The DAF Apprentice Programme gives you the chance to join the select group of specialist Technicians and Advisors working on some of the most modern, sophisticated trucks on the road.

We are looking for the next generation of DAF Technicians to join our award winning programme.

Are you ready to start your future with DAF?

Are you ready?

ARE YOU A TECHNICIAN OF TOMORROW?

What sets DAF apart from the competition is the quality of our aftersales support; our Technicians are a vital part of this. To continue to be market leader, DAF will rely on the **Technicians of tomorrow...**

GREAT FOR THOSE INTERESTED IN:

Developing technical skills

The truck industry

Problem solving

APPLICANTS MUST:

- ✓ Be at least 16 years of age and not in full-time education
- ✓ Have Maths & English Grades 4-9 or equivalent (A-C)
- ✓ Complete an online assessment and an initial assessment with your Skills Coach

HOW IT WORKS

- Employed by a DAF dealership from day 1 and paid a wage
- Regularly attend the DAF Apprentice Academy
- Meet and work with fellow apprentices throughout the UK during your academy block
- Stay in approved hotel accommodation
- Dedicated Skills Coach always on hand with regular visits to your work place

Your future Apprenticeship

Your DAF Apprenticeship training develops both your practical skills and theoretical knowledge.

The practical skills and hands-on experience is gained in our fully equipped dealer workshops where you will work alongside qualified Technicians, learning from their experience throughout the 3 year Apprenticeship.

The training and knowledge to support you will come through attending our state-of-the-art workshops at the DAF Apprentice Academy in Nottingham, alongside other DAF Trucks Apprentices from around the country. Here you will be specially trained on DAF vehicles in all aspects of truck servicing, repair and maintenance.

Throughout your Apprenticeship, you are supported by a dedicated Skills Coach, who will regularly visit you in the workplace to monitor your progress, training needs and support with your portfolio work.

What's included?

All academy tuition fees covered

All uniform to be worn whilst at the academy

All meals whilst at the academy

All accommodation costs whilst at the academy

All travel costs to the academy

All Skills Coach visits

Industry leading vehicles, tools and diagnostic equipment

You will be paid a competitive wage whilst gaining industry-leading qualifications!

On average, our apprentices benefit from a financial advantage of £120,000 over those pursuing university degrees over the same comparable period.

Do you have what it takes?

YOU WILL:

Work on some of the most modern, sophisticated trucks on the road, equipped with the latest systems and advanced DAF technology.

Diagnose and rectify complex mechanical and electrical systems.

Test vehicles and perform major overhaul on large components.

Investigate a variety of cutting-edge electrical systems.

Perform routine maintenance and repairs to DAF's high standards.

What can you expect?

YOU WILL:

Undertake a Level 3 Advanced Apprenticeship in Heavy Vehicle Maintenance and Repair, delivered over a 3 year period.

Be employed as a full time employee at one of over 130 DAF dealerships nationwide.

Be paid a competitive wage whilst gaining the practical skills, knowledge and experience needed to enter the automotive industry.

Attend the DAF Apprentice Academy in Nottingham with access to the latest systems and technology and gain the skills, knowledge and experience needed to enter the automotive industry.

Career progression opportunities for DAF Apprentices

At DAF, we believe in investing in our people and the future of our industry. The DAF Apprenticeship Programme provides an opportunity to enter a rapidly evolving, exciting industry with huge career potential.

Once you have completed your Apprenticeship you will have access to DAF's prestigious UK headquarters, home to the company's leading training and development service, the DAF Academy.

From here you will further develop your skills both in and outside of the dealership, helping you to achieve your full potential.

DAF Academy offers world-class and effective training programmes, from detailed and practical technical training to commercial skills and management programmes designed to help the business of selling and maintaining trucks run smoothly.

Former DAF Apprentices have gone on to teach at the DAF Academy and within our Apprentice training partners Skillnet and the DAF Apprentice College, ensuring that you will benefit from training that is fuelled by personal DAF Apprenticeship experience.

DAF's network is now full of former Apprentices in Workshop Foreman, Service Manager & Service Director roles and one of our Dealer Groups has a former DAF Apprentice as their Managing Director.

Want more?

WHAT DOES IT MEAN TO BE A DAF APPRENTICE?

Our dealer network is proud to operate from over 130 locations across the country, providing the best truck products and services in the industry.

DAF products are sold and serviced by over 1,000 independent dealer locations throughout the World – this provides great employment opportunities at any of our European dealerships, and provides global opportunities within Kenworth & Peterbilt in the US.

So when you join the DAF Apprentice Programme, you join the market leading manufacturer with the biggest dealer network in the UK; knowing that you have job security and progression opportunities for the rest of your career!

Its not just a job...

It's your first step into a career with global opportunities available to fulfil your ambitions within the motor industry.

We are recruiting Apprentices for positions throughout the UK, find your nearest opportunity today.
