

Fleet Training Programme

The DAF Academy in Haddenham, Buckinghamshire, provides excellent modern facilities to advance your product knowledge and technical skills.

Maximising efficiencies

We provide a quality certified 'train the trainer' programme to help your trainers maintain your DAF fleet, whilst your drivers benefit from the efficiencies our trucks offer. The DAF Fleet Training Programme ensures your driver

trainer has comprehensive information and training materials on all DAF models, together with ongoing support from the DAF Academy training team.

Driver Training Voucher

With every retail order of a New Generation DAF you are entitled to a 90-minute static vehicle handover and up to 60 minutes on-road demonstration/familiarisation, delivered by a certified DAF Dealer Driver Trainer. Please contact your local dealer to find out more. Vouchers may also be used towards the cost of the DAF Fleet Training Programme.

FLEET TRAINING PROGRAMME

Get the best out of your DAF

A PACCAR COMPANY DRIVEN BY QUALITY

A PACCAR COMPANY DRIVEN BY QUALITY

Get the best out of your DAF fleet

Informed professional drivers are more productive and reduce operational costs. DAF's Fleet Training programme is all about improving driver performance, safety, and efficiency. By sending your own in-house trainers on a three-day training course with DAF, you will have your very own DAF Certified Trainer to train all your drivers on how to get the best out of your DAF vehicles.

A fuel economy improvement of just 3% can deliver an annual saving of £1800 – for every driver trained. And, with fuel prices at an all-time high, this is a bottom line business benefit that cannot be ignored.

Train the Trainer

Each training course can be tailored to your company's fleet; like utilising your own vehicles within the course or providing bespoke customer training material.

Course Structure

- Delegates attend a three-day training course at the DAF Academy, based at our head office in Haddenham, consisting of both theory and practical content, followed by an assessment
- Additional in-cab training can be delivered at either your company's premises or the DAF Academy
- One-day site visit by arrangement, to assist in adapting the training to suit specific vehicles and help identify a training route

Ongoing support

- Once certified, delegates will be introduced to their local dealer's DAF Driver Trainer, to provide local support. Regular updates by phone or Teams.
